The biennial user meeting has been long established as the forum where the Danaos users meet to learn about new product developments and to express their views and requirements for new features and required functionality.

Every Danaos user or anyone who is interested to learn more about the functionality and the best practice in using the Danaos applications is most welcome to attend the workshops and to participate in shaping the future evolvement of this leading software suite. We will be very pleased to welcome all of you.

Warmest Regards
Danaos Management Consultants S.A.
